

Amaretto

ITALIAN KITCHEN & BAR

Est. 2007

IT'S NOT QUITE BUSINESS AS USUAL!!

We've weathered plenty of storms over the last 13 years, but none quite like this.

In order to help protect the business & my staff as much as i can, it is my intention to keep Amaretto open to the public until 9pm on Sunday in order to fulfil our bookings on Mother's day.

As ever, the safety of my staff and our customers is my absolute priority and we will continue to maintain & follow our strict hygiene levels.

After Sunday, however, we will solely be focusing on the takeaway & delivery side of the business and will update the menu and delivery times on our website over the coming days, to include some extra classics (available hot or cold) so that you & your families can still enjoy our fresh Italian food in the comfort of your homes.

Don't forget you can order through the website & use the 'online20' code to receive 20% off your bill.

Finally, as a local family business, we need your support more than ever - while you might not be able to visit us in person, we're ready to continue to serve you, as we have done since 2007.

In the meantime, stay safe, look after yourselves and together we'll get through this.

Grazie a tutti

Carlo
